

### **A major seaport**

As the third port of call on France's Channel/North Sea coastline, HAROPA PORT welcomes more than 513,000 passengers for 206 calls a year at three dedicated cruise terminals with mutually complementary advantages. They can accommodate all types of vessels as well as acting as cruise home ports.

### **Le Havre**

Located 200km from the French capital and its highly prized monuments, **Le Havre's cruise terminals can accommodate the world's biggest currently operating cruise ships around the clock.**

Based on Florida Point, **this terminal has all the facilities needed for excellent reception of passengers and crew.**

A cruise club comprising the various institutional partners and professionals in the sector endeavours to promote the economic development of the cruise industry in the region in conjunction with Cruises Le Havre, cruise terminal operator, whose role is to coordinate this activity.

The main projects undertaken by HAROPA PORT to ensure that the Seine Valley is an attractive region for tourism:

- **Modernisation of Rouen's cruise terminal:** quay, quayside areas and building.
- **Modernisation of Le Havre's cruise terminal:** construction of three terminals and four activity centres.
