

A leading shipping service

HAROPA PORT offers weekly shipping connections to all markets, for all types of traffics - container, Ro-Ro, bulk, ferry, breakbulk.

Published on 13/06/2023 - Updated 26/01/2026

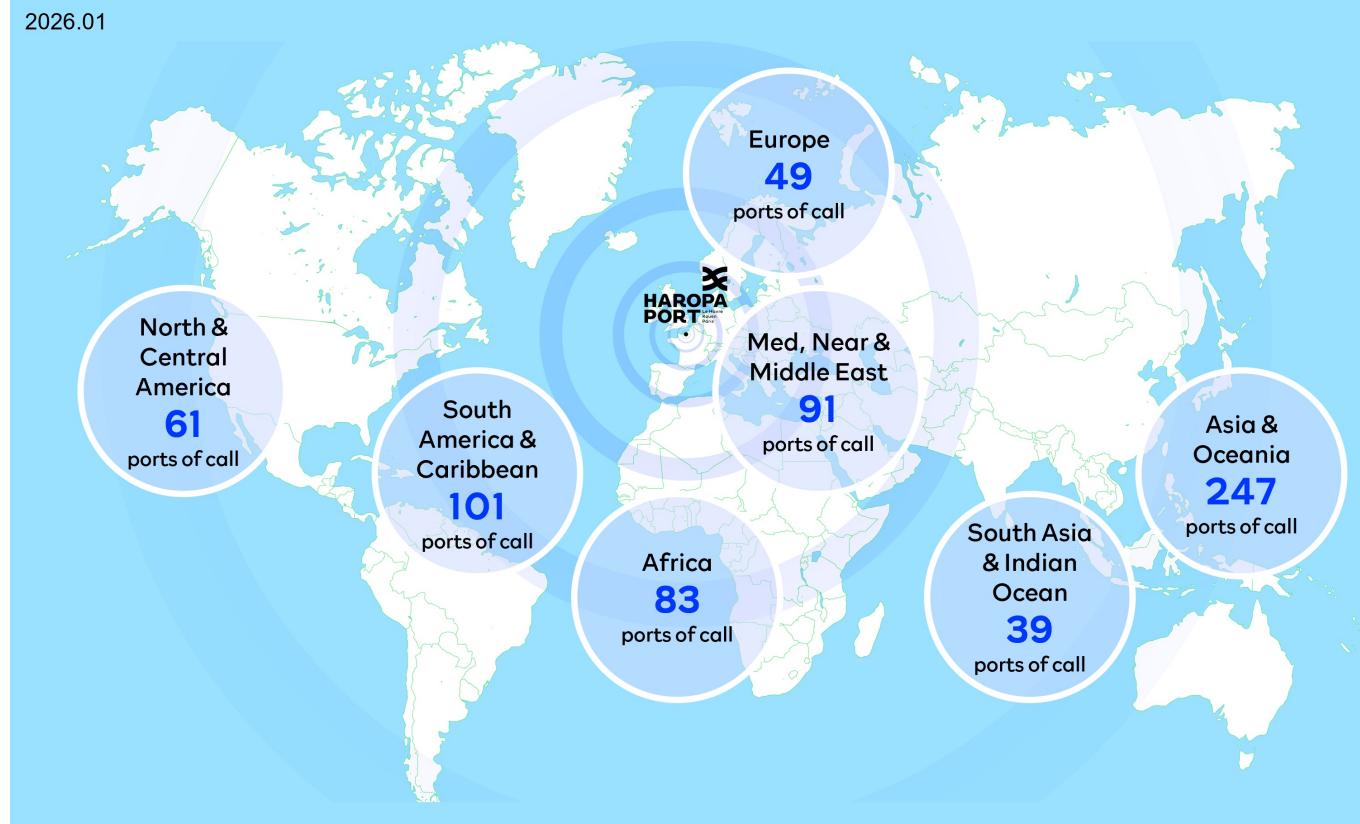

An exceptional location and conditions for shipping

- **the maritime gateway to Europe:** for most services, it is **the first port of call for imports and the last for exports** on the Northern European rotation,
- **a port free of congestion:** for both maritime and hinterland modes,
- **a deep-water port:** with no tide constraints, accessible 24/7/365 for the world's biggest vessels, even fully loaded (reception of 24,000 TEU container ships, latest-generation bulk carriers, etc),
- **under 90 minutes:** from 'pilot on board' to the start of stevedoring operations.

An attractive maritime offering

- the presence of shipping alliances and MSC on the East-West trade,
- more than 670 ports reached,
- nearly 45 shipping companies,
- ± 2,800 commercial offers.
