

conference Maritime Decarbonisation Europe

From 30 September to 01 September

HAROPA PORT will attend the Maritime Decarbonisation Conference in Amsterdam to present its vision and initiatives for a more sustainable maritime future.

Published on 2/07/2025

On September 30, Hervé Géraud, Project Manager for Shore Power Connections, and Benoît Seidlitz, Director of Project Management and Engineering at HAROPA PORT, will take part in the roundtable discussion titled “**The Development of a New Energy Hub at Le Havre**” at 12:05 pm.

During this session, they will present the key initiatives being led by HAROPA PORT to support the maritime sector’s energy transition. These efforts include :

- the **deployment of alternative low-carbon fuels**
- and the **ongoing development of shore-side electrification infrastructure** for the cruise terminal in Le Havre.

Practical information:

- September 30 and October 1, 2025
