

RO-RO terminal

The HAROPA PORT's RO-RO terminal in Le Havre, is the first vehicles platform in France for import/export.

Published on 4 January 2019

- › Terminal with more than 104 ha of dedicated storage space,
- › Terminal accessible 24/7 to the largest ro-ro ships,
- › Constant level docks adapted to Ro-Ro vessels,
- › 10 berths:

- › Multimodal terminal: rail, water, road,
- › **14 Ro-Ro** shipping companies present,
- › **2** handlers and **3** logisticians,
- › A technical centre with highly qualified professionals, service available 24/7,
- › Terminal meeting ISPS standards:
 - Closed and secure terminal,
 - **A security service that's unique in France: 135 agents**, sworn in and fully equipped,
 - **Regular rounds and patrols** (3 patrols per day + random patrols) throughout the port area 24/7 carried out by rounds performed by 4 experienced officers (professional experience, high level of qualification and higher education)
