

Terminal sucrier

Published on 28/04/2025 - Updated 24/12/2025

The sugar terminal in Le Havre is operated by **Sucre Océane**, a subsidiary of **SHGT** and **EUROPORTS** specialising in bulk sugar logistics. Located in the heart of the port area close to the Hermann du Pasquier quay, the site is connected to all existing major shipping routes, with weekly departures. It is equipped with **four silos**, each with a capacity of **15,000 tonnes**.

Sucre Océane is certified **AEO (Authorised Economic Operator)** and **FSCC 22000 (food quality and safety)**.

The terminal specialises in:

- **bulk sugar storage,**
- **bagging,**
- **container handling.**

60 000
tonnes of storage capacity
4
silos
