Coming from Bilbao, the Dutch company's vessel called at Port 2000 at the **TNMSC terminal** (TiL MSC group), before continuing towards Dublin.

This new route operates the following rotation: Bilbao, Le Havre, Dublin, Liverpool and back to Bilbao.

With a capacity of 800 TEU, this new line **strengthens HAROPA PORT's logistics positioning** on intra-European flows and is fully in line with the port's **green logistics corridor** strategy.
