

A leading partner for construction and building materials stakeholders

**HAROPA
PORT** Le Havre
Rouen
Paris

THE ADVANTAGES

High-capacity maritime, river and rail transport modes

Ports and handling operators specialized in bulk cargo

Premium land offering

Tailored support

FRENCH LEADING PORT HUB FOR CONSTRUCTION MATERIALS

- **French leading hub for mineral flows and timber construction traffic ;**
- HAROPA PORT's infrastructure is strategically located **at the heart of the French largest construction market, with direct access to the Greater Paris area** — the country's leading consumer of building materials ;
- Partial commissioning of the **new Port Seine-Métropole Ouest (PSMO) multimodal platform** from 2027, located at the confluence of the Seine and the Oise and **dedicated to construction materials.**

A MARITIME OFFER TAILORED TO THE CONSTRUCTION INDUSTRY

- Thanks to exceptional nautical conditions, HAROPA PORT can **handle the world's largest bulk carriers and self-discharging vessels** ;
- **55 dedicated terminals** ensure optimal concentration of specialized equipment and expertise: cranes, gantries, quay lengths, storage facilities, and more.

A RIVER AND RAIL OFFERING CLOSE TO PRODUCTION SITES

- HAROPA PORT | Le Havre and HAROPA PORT | Rouen are **connected by inland waterways** to the most upstream Paris terminals :
- **High-volume cargo flows into Île-de-France region**: simplified storage, goods processed and packaged, then distributed as close as possible to major industrial production or trading sites ;
- Option for industrial players to set up **rail logistics** using trains of 1,300 to 1,500 tonnes to supply production units.

AN OUTSTANDING LAND OFFER

- A land portfolio extending from the Seine estuary **to the heart of the Paris metropolitan area** ;
- Opportunities to establish **industrial activities in urban environments** ;
- **Large-scale sites** available in the seaports of Le Havre and Rouen.

PARTNER OF THE GREATER PARIS PROJECT AND MAJOR CONSTRUCTION SITES

- Transport of **construction materials and demolition waste** ;
- Partner in the construction of metro line 15.
