

## Le Havre Grand Canal turnkey industrial site: HAROPA PORT | LE HAVRE seeks new partners

A new, exceptional  
real estate in Le  
Havre

HAROPA PORT is sending out a call for declarations of interest in the Le Havre Grand Canal site for the establishment there of new activities with ties to the port industrial ecosystem. This call will be followed by a call for projects.

### A site with exceptional features

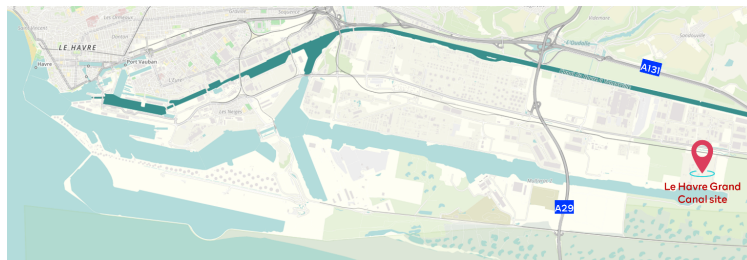

24.3 hectares in area

Located at the heart of  
the port/industrial zone

A site awarded the  
official "turnkey" label

►► In line with its development strategy, HAROPA PORT wishes to prioritize an industrial activity tied into its energy and ecological transition or alternatively a port logistics activity that will generate traffic flow.

### An industrial site awarded the "turnkey" label

by the French government with the intention of speeding up the siting of new industrial operations in France

#### Advance execution of official procedures

Involved in town planning, preventive archaeology and the environment

#### Priority support from central government

►► Process of administrative authorizations within shorter timeframes

### Provisional timetable

- Deadline for submission of applications: 11 March 2022
- Issuance of the call for projects: second half of March
- Provisional date for contract award: summer 2022

### Interested?
