and frozen goods

OUR POSITIONING

- **No. 1** French reefer port;
- **No. 1** French port for fruit & vegetable exports;
- **No. 1** BIP (Border Inspection Post) for France;
- The gateway to the Paris area, France's **No. 1** and the EU's **No. 2** consumer market;
- The natural port for access to Rungis international wholesale food market;
- Approximately **250,000 TEU** reefer traffic every year: 10% of HAROPA PORT's total traffic;
- **90%** of seafood products carried via reefer.

No.1 French reefer port

Over **50 specialist freight forwarders**.

Top-rank logisticians for refrigerated transport operating here:

- Storage capacity of over a million cu. m.;
- Value-added services.

Terminals with **dedicated facilities using a specialised reefer protocol**:

- 3,200 reefer plugs;
- Round-the-clock container monitoring (temperature and humidity levels).

An **attractive controlled-temperature road transport offering**.

A proactive, high-performance port

Proactive commitment to a range of programmes:

security

environment

quality
