

## HAROPA PORT and its partners in the Ro-Ro terminal of Le Havre united for the automotive traffic development

**Signing of a commercial agreement**

between HAROPA PORT and Ro-Ro logisticians CAT, Walon and Höegh in Le Havre, who are together committed to the automotive sector development.

- An agreement signed on May 26, 2021 that grants €2 per vehicle for any new traffic generated in 2021, for a period of 12 months
- Renewal considered in 2022

►► This economic participation combined with the continuous efforts of the Ro-Ro sector logistics partners reinforces HAROPA PORT's ambition for competitiveness.

► Implement new contracts with manufacturers

► Increase the Ro-Ro activity competitiveness of HAROPA PORT | LE HAVRE
