

## The Taiwanese shipping company Yang Ming chooses Le Havre for the head office its new French subsidiary

► January 2021

### YANG MING (France) SAS

was born on 1 January 2021 from a joint venture formed between the Taiwanese shipping company and the French group specialized in maritime transport NAXCO.

►► The creation of this new French subsidiary is a strong signal of the determination of the shipping line to develop in the French market.

### Yang Ming Marine Transport Corp., world's 9th largest container shipping line:

► Operation of a fleet of 90 ships representing 622,000 TEUs

► Presence in 70 countries with over 170 service points

► Wide range of services: 1 logistics unit, container terminals and goods handling services

►► As a member of the maritime consortium **THE Alliance**, Yang Ming offers a number of weekly services calling at Le Havre with destinations in Asia and North America.

"Basing the new French subsidiary of the YANG MING shipping line in Le Havre with an integrated office under the group label will consolidate the attractiveness and competitiveness of our port complex. It is also an important sign of the confidence felt in the development of our connections to the world's major ports, including the major hubs in Asia."

Laurent Foloppe  
Commercial and Marketing Director HAROPA

"The creation of a French subsidiary strengthens our global integrated office network. Based in Le Havre, France's leading port for external trade, YANG MING (France) SAS will consolidate its trading capacity and enable greater operational efficiency to be achieved in the French market."

Steven Ka  
CEO YANG MING (France) SAS

►► With this new YANG MING France entity in Le Havre, no less than **six shipping lines have now chosen the Ocean City** as the location for their main office.
